

Anusha Balasubramanian

I currently work with NMGH, in acute medicine. I have been with the NHS since 2015.

Overall, I have over 15 years of experience in General Internal Medicine across India and the UK.

I am fascinated when medical departments collaborate for holistic patient care.

I believe Manchester Medical Society provides the platform to interact with experts from diverse fields.

I wish to contribute to medical literature with a patients' perspective incorporated in my writing.
