

I am Eman Elsayed, I finished my medical school in 2010 and I was trained in Ain shams university. I am very proud about my training in Egypt. I have MD, EDAIC and FRCA. I am currently working as Anaesthetic specialty doctor in Wythenshawe Hospital. I enjoy teaching our trainees and I have a good teaching experience being an ACLS instructor in Kuwait before.

Apart from Anaesthesia, I am a crossfit member and hoping to achieve Rx score!
