

My name is Dr Phil Webb and I am a Consultant Respiratory Physician at the Northern Care Alliance NHS Foundation. My main clinical interests are Pleural Disease and Lung Cancer. I predominantly work at Fairfield General Hospital, where I run the pleural service, am a member of the lung cancer service, perform bronchoscopy and EBUS and also do regular “consultant hot weeks” on the acute respiratory ward. I also perform Medical Thoraoscopy at Salford Royal Hospital. I have an interest in teaching and training and am an education supervisor for foundation trainees
